**Overview**

Prior to graduation, each high school senior, who has attended Eatonville High School for a minimum of two semesters, shall be expected to produce a high school culminating project. This project will demonstrate his/her knowledge and skills in the basic required subjects along with any special knowledge and skills relevant to his/her chosen career pathway. The four guidelines for the project are community experience, research paper, portfolio and presentation.

So what is **YOUR CULMINATING PROJECT PLAN???** – based on a career, civil action issue or passion...

     I have not yet determined my project and realize this will impact my grades in senior English and CWP.

I am aware that I must pass all four components of the project – community experience, paper, portfolio, and presentation to graduate from Eatonville High School. I also understand that the project selection decision is made independently of the staff and administration of the high school, but is subject to school approval. This project selection is student and parent centered. I therefore assume all responsibility for any risks and cost, which might be inherent in the project chosen. I also understand that faking or plagiarizing any part of the project will lead to failure of the assignment.
